The following outlines a 30-year vision for the UND campus, detailing what it could look like by 2048.
Proposed new construction is approximately 348,000 GSF with demolition approximately 997,500 GSF, totaling a net reduction of 649,000 GSF campus-wide.

New construction includes a Montgomery addition for CoBPA, a STEM Building, a Student Union addition, and a Nursing addition at the School of Medicine.
