Science

Meet your instructors

Join a Robotics Team!

Blast off with a Rocketry Team!

Bridge Fellowship Program

Are you transferring into a 4-year university?

Get paid to conduct research over the summer!

Taylor Hewson transferred from **Dakota College at Bottineau** to the University of North Dakota! She studied soy beans with a UND chemistry professor over the summer of 2017.

Take on the NASA Rover Challenge!

Travel to a NASA Center to race a custom-built rover against hundreds of teams from around the world!

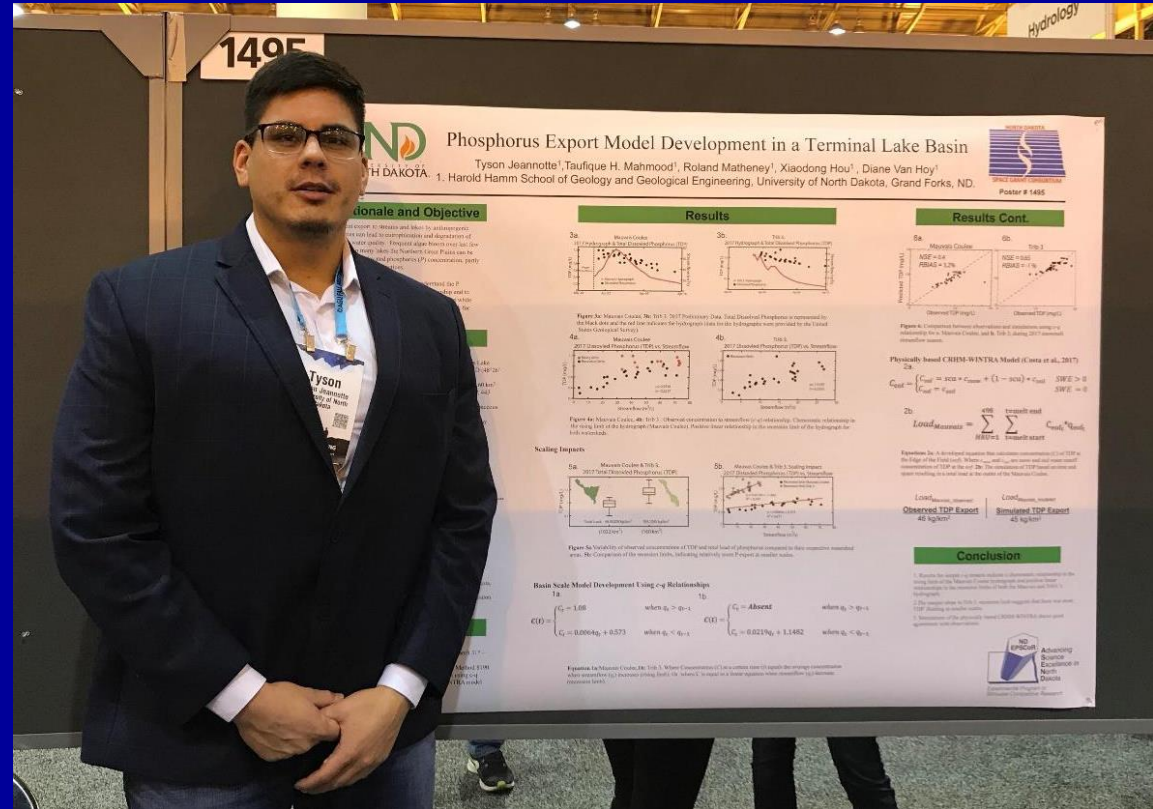

Race to success with the Racecar Team!

Work with industry partners to build a custom-built racecar!

Travel Funding

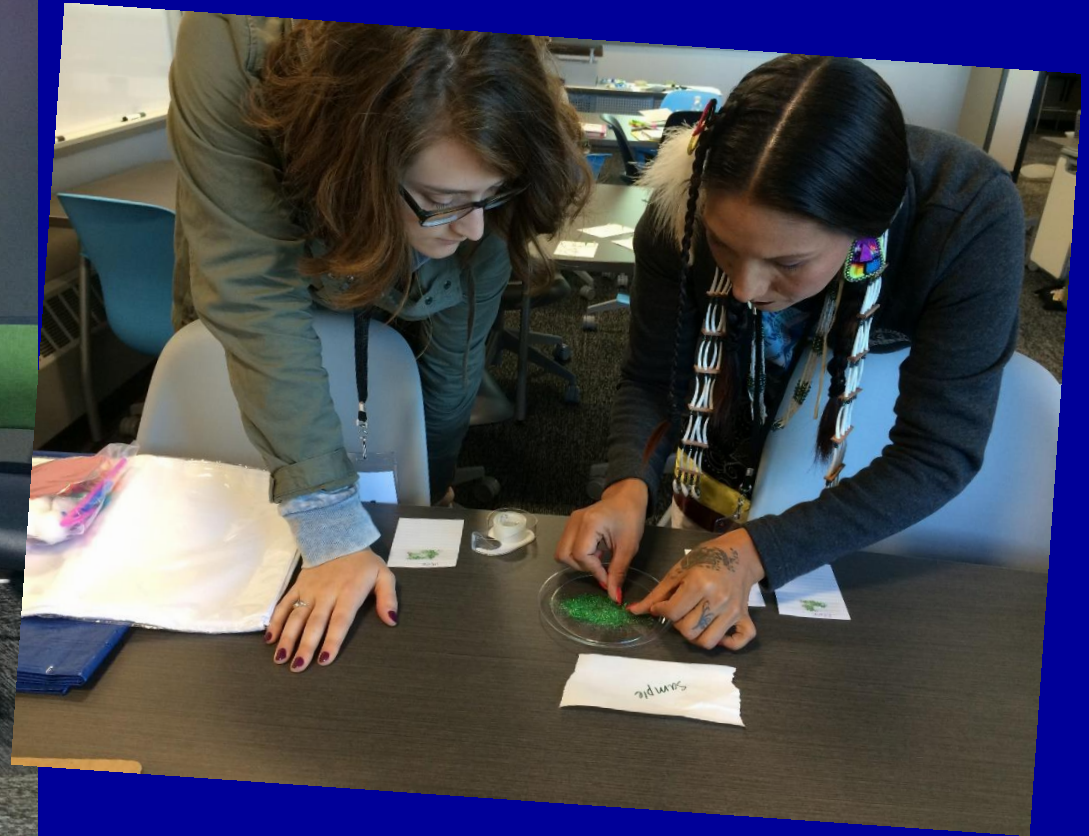

Presenting research at a conference? Apply for travel funding!

Become a STEM Ambassador

Earn an hourly wage, with flexible hours!

Conduct hands-on STEM Activities for K-12 students.

Scholarships

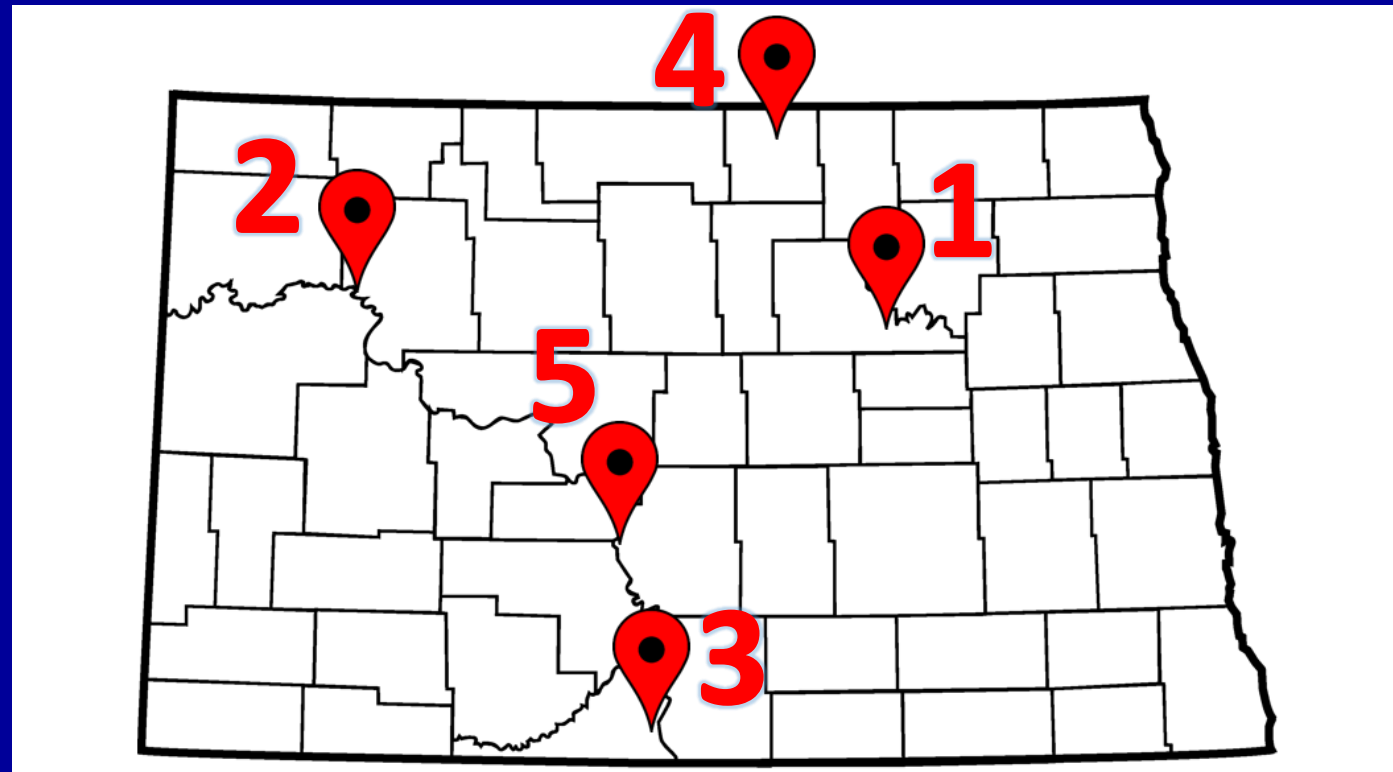

2018 Scholarship
Recipients from
Dakota College at
Bottineau.

American Indian Scholarships

\$2,500

awards available at each of
these five schools:

1. Cankdeska Cikana Community College
2. Nueta Hidatsa Sahnish College
3. Sitting Bull College
4. Turtle Mountain Community College
5. United Tribes Technical College

Space Grant will take you places!

Past STEM Ambassador,
Janelle Hakala, working at the
South Pole in 2018.

NASA Internships

Fun!
Educational!
Rewarding!
Awesome experiences!

“This experience has been invaluable; I’ve gained experience in my field, new insights into the workings of NASA, and connections that will last a lifetime.”

– 2017 Intern, Taren Wang
University of North Dakota
