What:

Research faculty from universities in NASA EPSCoR jurisdictions are invited to attend our technical interchange event at Marshall Space Flight Center in Huntsville, AL September 9, 2016. Managers with knowledge of research performed in their labs, departments, and offices from each of our areas of concentration will be available during this event for collaboration information. Please go to the link above for more information and to complete the registration form. There is a \$30 registration fee to be collected at check-in September 9th to cover meals and snacks (checks or cash only). A receipt will be provided. Attendees must provide their own transportation.
